Kitchen Inspire

BOARDS

Polypropylene (PP) | Thermoplastic Rubber (TPR) | Wheat Straw Fibre

The Kitchen Inspire cutting boards are made using PP plastic and feature TPR non-skid edges/feet to secure the cutting board on the kitchen counter top when prepping food ingredients. The 3 piece board set is made using environmentally friendly wheat straw fibre. The boards are suitable for the dishwasher.

STORAGE

Polypropylene (PP) | Silicone | Thermoplastic Rubber (TPR)

The storage range is the perfect container for organising condiments and dried foods. Its silicone sealing ring keeps your food fresh and locks in all the flavour, while its skid-free bottom ring helps to avoid a messy disaster. The canister lid, which doubles as temporary storage, also features a measuring scale. The modular design of the canister allows two containers to be stacked together. The range is suitable for the dishwasher.

KNIVES

Stainless Steel | PP Plastic | Thermoplastic Rubber (TPR)

The Kitchen Inspire knife range features high quality stainless steel knives that can be used to cut up a variety of food ingredients in the kitchen. The Kitchen Inspire knife range is not recommended for the dishwasher, as the salt residue may cause knives to pit and get ‘rust’ marks. It is recommended that you wash your knives with warm water, mild dishwashing liquid, rinse and dry with a soft cloth. For domestic use only.
