OVERVIEW

BISSELL have been keeping homes spotlessly clean for 149 years; the family-owned company that has been a global leader in the homecare business ever since. Their commitment to researching and understanding the lives and cleaning needs of their customers. A focus on developing smart, innovative yet practical home cleaning solutions, inspired by real life problems, spills and everyday mess.

BISSELL is passionate about helping consumers effectively and easily clean their homes so they can put down the vacuum, enjoy life and come home to a deeper clean. All in all, whether the messes are baby food or red wine, mud or chocolate, cat hair or pet accident, there's a BISSELL to help embrace those messes, erase them in a jiffy, and get on with the most meaningful aspect of your home - living in it.

The Promise of Clean™

CARPET CLEANERS

BISSELL carpet cleaners range are designed to deep clean, address stain removal, and tackle pet messes on wall to wall carpets. The expertly designed machines in the range are known to clean up what normal vacuums leave behind. Carpet cleaners clean much deeper than an ordinary vacuum because it deep cleans carpets rather than just removing surface debris. These carpet cleaners use DirtLifter PowerBrushes to scrub deep into carpet fibres, loosening embedded dirt that vacuums can't reach. They also extract dirty water after cleaning, leaving carpets refreshed and sanitized.
